[Practice security]

Security checklist

Do this for each person in the practice. It takes about 30 minutes. The ATO warned in August 2026 that tax professionals are being targeted with malicious links and attachments.

Name

Date

Sign-ins

- [ ] Xero: multi-factor authentication on, using an authenticator app
- [ ] Microsoft 365 mailbox: MFA or a passkey on
- [ ] myID and Online services for agents: app sign-in, never SMS codes
- [ ] Business banking: app approval for payments and new payees
- [ ] Power Automate, GitHub and Stripe: MFA on, passwords not shared
- [ ] A password manager, with a different password for every service

Habits

- [ ] Any change of bank details is confirmed by phone, on a number we already had
- [ ] Unexpected attachments or “view document” links are checked with the sender by phone first
- [ ] Client folders backed up, with OneDrive version history on and a monthly copy kept
- [ ] Incident plan written: who to call, and how to reach the ATO and clients if an account is compromised

Notes
